Dear Mrs. Beal:

This is to advise that I am just in receipt of a letter from my son, Captain William H. Cave, M.C., that your husband, George, is a patient of his in a hospital somewhere in France.

In the first place, he stated that the wound of your husband is relatively minor and in all probability will soon recover. I am quite sure that he will give to your husband full and complete medical attention.

He further stated in his letter that this was the second soldier that he had seen from Jefferson County, Illinois, notwithstanding the fact that he has been overseas almost two years in the African, Sicilian, Italian, and French campaigns, which shows the vastness of the Army personnel.

With kindest personal regards for both you and your husband and hoping with you that we may soon be able to see our dear ones again, as I have not seen my son for the past three years.

Very truly yours,

Crawford G. Cave
