SUBJECT: Letter of Appreciation

TO: Sergeant Norman E. Gentle  
Headquarters Company  
6th Armored Division  
Fort Leonard Wood, Missouri

1. Upon your departure from this organization and the United States Army, I take this means to express my appreciation for a superior performance of duty.
2. Your excellent moral character, diligence, exceptional ability, and conscientious efforts have combined to complete the assigned mission as well or better than many men I have personally worked with in the past sixteen years.
3. Your fine personality and good morals have been assets to further smooth operation of this organization when pressure and speed have been a factor that readily would have caused less equipped individuals to break.
4. It is a pleasure to recommend you highly to any future employer, knowing that a man of your ability, knowledge and morale character will be an asset to any civilian or Army organization in any endeavor you choose to attempt.
